Dear Bill,

Words can't begin to express our gratitude towards your services on our Wedding Day, August 31st, 2002.

Everybody in attendance at one time or another throughout the event mentioned how well the music flowed, selection of music, and that they have never seen so many people from the party dancing at one time. Even the wait staff at Lafayette Country Club was included in the "Congo Line".

Please excuse my attempt at getting a round of applause near the end of the event and fumbling with your last name. Also my thanks to extending the reception a half an hour longer without hesitation.

Enclosed please find the extra payment owed for the additional amount of time that evening.

Thank you again for making our day as special as it should have been.

Sincerely,

Christopher P. Moreland
