Dear Bill,

When we started interviewing D.J's last year we really wanted to choose one that would be professional, yet fun, keep the crowd going, but not take over, and play what we wanted, the way we wanted it done...well, we chose the right person for the job.

I want to say Thank You so very much to you and your partner for doing such a great job as Disc Jockey at the Parent/Bouton wedding on Sept. 13th, 1997 at Valley View in Utica. You two started things off with a bang and just kept the night going. You did whatever we requested and didn't do what we didn't want. We had a lot of people comment on how great you two were and hopefully will send you business for the future.

Please feel free to use our name for a reference. I would highly recommend your D.J. service and just want to say thank you again for doing your job so well.

Sincerely,

*Victoria Parent*
