

Bill,

We cannot begin to describe how much fun we had at our reception. I was worried at the beginning because people were slow to the dance floor, but by the midway point, the only people not dancing were either too drunk to move or just too old. We received a ton of compliments about you and how you conducted the evening and we also passed your name along to all of our engaged friends.

Thanks again for leading a great party, without resorting to corny stuff, and for playing the right mix of tunes (even though I still hate Shania!).
Thanks again,
